

## **Diagnostic Ultrasound and Percutaneous Tenotomy Foundations Course**

*This document contains important information on course preparation.*

### **Course Information:**

- **Course Manual** – Please login to your IDN account and click the *Access Now* button. Select the webinar course and go through the steps to download the course manual.
- **Course Instructor** – Dr. Steven Coppola, PT

### **ZOOM Registration Instructions:**

You will receive an email from us before the start of the course with a link to register for the Zoom Webinar. **You must register in order to participate in the webinar and to obtain CE credit.**

- Please register at least one day before the start of the webinar.
- After registration you will be emailed a confirmation email with the link to access the Zoom webinar. Please contact us if you did not receive the Zoom link.
- You can access the webinar 10 minutes before it is scheduled to begin. Once you access the webinar you will be placed in a waiting room until the instructor starts the webinar.

**Important Information:**

- Please be on time for the webinar- we keep track of the time you are logged in and must report the total time you were logged in to the licensure board.
- Keep your audio muted during lectures- we will open up the floor for questions and feedback.
- Upon successful completion, a certificate of completion will be loaded to your dashboard. You will receive an email once the certificate is available.

**Dry Needling Text Book :** The Neurologic Dry Needling© (NDN) is the first textbook presenting neuroscience-based dry needling approach for pain management, prevention, rehabilitation and performance enhancement.
